EXPERIENCE THE FASCINATION OF MOTORSPORT – IN YOUR BMW.

For BMW, the 2014 DTM season was another thrilling chapter in a motorsport success story that has spanned more than 85 years. For the first time, the BMW M4 DTM replaced the legendary BMW M3 DTM – and Marco Wittmann immediately secured the Drivers' Championship in the new model. The hands-on fascination of motorsport is not just reserved for elite talent like Marco Wittmann, though. That's because, with BMW M Performance Parts, you can transfer authentic racing genes directly into your own BMW.

BMW M Performance Parts, developed in close collaboration with BMW M GmbH, are the result of decades of motorsport experience. Each component goes through an intense development and manufacturing process, guaranteeing sporting innovation, uncompromising dynamics and a perfect match for each BMW model – whether it's for aerodynamics, the chassis, the drivetrain or the cockpit.

AERODYNAMICS.

ATHLETICS MEET AESTHETICS.

BMW M Performance aerodynamics components give the vehicle a powerfully expressive and sportingly individual appearance. At the same time, splitters, spoilers, sills and diffusers noticeably optimise the aerodynamic values. Wing mirror caps and the front grille add even more visual appeal.

All aerodynamics components are optimally coordinated with the geometry and design of each vehicle. The high-tech, ultra-lightweight material carbon, in particular, combines individual athleticism with an exclusive motorsport aesthetic.

1 BMW M Performance wing mirror caps, carbon

Meticulously hand-crafted in 100 per cent carbon, the striking wing mirror caps highlight the technologically advanced character of the vehicle. Their dynamic design ensures a particularly high-quality look and creates an individual, sporty accent.

1 BMW M Performance front grille, black

The black kidney grille emphasises the sporty and dynamic character of the vehicle. Also featuring a high-gloss black frame.

1 BMW M Performance front splitter, carbon

The front splitter, hand made in 100 per cent carbon, greatly enhances the sportiness of the car's design. The BMW M Sport package or the BMW M Aerodynamics package as well as the BMW M Performance carbon rear spoiler are required for fitting.

1 BMW M Performance side skirt transfers

A clear statement: the black transfers with M Performance lettering perfectly complement the vehicle design, underscoring its individual, athletic profile.

See the product overview on page 28 for BMW M Performance Parts to match your BMW model.

CHASSIS.

TAKE OFF – AND STAY
PLANTED ON THE ROAD.

Visually and technically top-flight for the best possible grip: BMW M Performance light alloy wheels. Manufacturing methods such as flow-forming and undercutting reduce weight and, therefore, optimise the dynamic driving characteristics. The latest-surface processing technology also allows for a fascinating range of design possibilities. And to ensure the highest quality, all wheels are extensively tested. The overall result, particularly when paired with the BMW M Performance brake system, is a unique combination of precision and high performance.

1, 2, 4, 7 BMW M Performance brake system

This system features inner-vented, lightweight sport brake discs for short braking distances, even under high thermal stress. The brake calipers feature the BMW M logo and, depending on model, come in BMW M Performance Red, Yellow, Orange or Blue for either 18" or 19" wheels.

1 + 2 20" BMW M Performance light alloy wheels Double-spoke style 624 M

Detailed information on BMW M Performance light alloy wheels for individual models can be found on page 12.

DRIVETRAIN.

HIGH PERFORMANCE – ALL ROUND.

Exclusive sportiness that stirs the senses. The BMW M Performance Power Kits deliver more output, more torque and even better sprinting ability. The BMW M Performance silencer system transforms the power of your vehicle into a breathtaking sound experience. And the tailpipe trims, in either carbon or chrome, provide the perfect visual finishing touch.

All drivetrain components meet the highest BMW quality standards and are technically optimised for each BMW model.

1 BMW M Performance Power Kit

The Power Kit for the 330d increases output, torque (210 kW/600 Nm) and acceleration in a normal test cycle, without raising fuel consumption. Features include a larger charge air cooler and an additional control unit. The kits are developed in accordance with the high standards of the BMW Group, with particular focus on long-term quality and safety. Available for different engine types, according to model.

2 + 3 BMW M Performance tailpipe trim

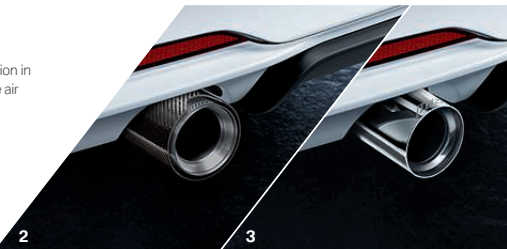

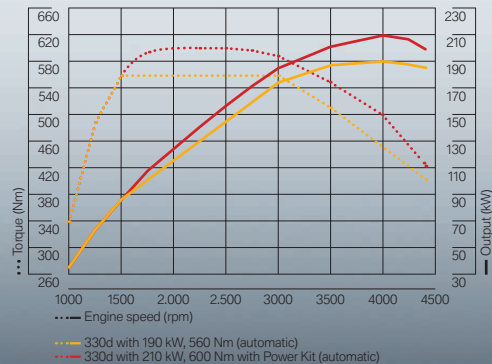

The BMW M Performance tailpipe trim in carbon or chrome emphasises the vehicle's individuality. The thermally decoupled tailpipe is of exceptionally high quality and the inscribed BMW M logo further underscores the car's sporty character. Only available in conjunction with the BMW M Performance exhaust system.

4 BMW M Performance silencer system

For an impressively sporty sound – inside and out. In weather-resistant stainless steel. Tailpipe trim, depending on vehicle equipment, is also required.

See the product overview on page 28 for BMW M Performance Parts to match your BMW model.

COCKPIT.

POWER NEEDS A CONTROL CENTRE.

Made-to-measure motorsport feel. BMW M Performance Parts for the cockpit give the interior an unmistakably individual racing atmosphere. Meticulously processed carbon, sophisticated Alcantara and high-quality stainless steel captivate with their unique look and feel. And with BMW M Performance steering wheels, you have always have the sportiness of your car well in hand.

1 + 4 BMW M Performance steering wheel II

The BMW M Performance Alcantara steering wheel II with carbon trim and race display features the latest OLED technology and two-tone LED displays. Buttons integrated into the thumb rest area can be used to activate Race, Sport or EfficientDynamics mode. Also available without race display (pic 1).

2 + 4 BMW M Performance interior trim

See, feel, enjoy: a dynamic combination of open-pore carbon and Alcantara guarantee an exclusive motorsport feel in the cockpit. The carbon fibre structure can be felt immediately. With embroidered BMW M Performance lettering. Depending on model, also available in painted carbon without Alcantara (pic 2).

3 BMW M Performance pedal covers/stainless steel footrest

Puristic design, secure hold: with their high-quality stainless steel surfaces and asymmetrical profiles, the footrest and pedal covers give dynamic, high-tech character to the footwell. The design also prevents feet from slipping.

3 BMW M Performance floor mats

With BMW M Performance lettering. The dynamic design integrates perfectly with the pedal covers. Dirt and water-resistant.

3 BMW M Performance LED doorsill finishers

Illuminated, bright white BMW M Performance lettering or lettering for either of the two design lines, is the shining centrepiece of the LED doorsill finishers. Striking design and a high-quality stainless steel look further accentuate the exclusively sporty impression. With cable-free operation thanks to an integrated battery and magnetic switch.

4 BMW M Performance gear lever trim, carbon

This carbon trim features the BMW M logo, making the motorsport connection clear to see. The carbon has an open-pore finish and a satin-matt effect, so the high-tech impression is both tactile and visual.

5 BMW M Performance carbon gear knob with Alcantara gaiter

Exclusive motorsport feel: the gear knob in open-pore carbon puts the fascination of high-tech material in the palm of your hand. The gaiter in high-quality Alcantara is finished with silver-grey cross-stitching. With BMW M Performance lettering in the shift diagram.

See the product overview on page 28 for BMW M Performance Parts to match your BMW model.

EMPHASISE A UNIQUELY SPORTING CHARACTER.

BMW M PERFORMANCE PARTS FOR THE BMW 1 SERIES.

1 BMW M Performance front grille, black

1 BMW M Performance wing mirror caps, carbon

1 + 2 BMW M Performance side stripes

The BMW M Performance side stripes in black/silver do more than accentuate the contours of the BMW 1 Series. They also give the vehicle an even more dynamic and expressive appearance.

1 + 2 BMW M Performance 18" brake system

1 + 2 BMW M Performance Aerodynamics package

For even better aerodynamic values, perfectly adapted to the BMW 1 Series. Includes air intakes, splitter and front bumper components, rear diffuser and blades for the side sills. A strong BMW M Performance Parts statement is also made by the accompanying trim for the side sills with BMW M Performance lettering. The BMW M Aerodynamics package is required for this package.

2 BMW M Performance rear fins

For individually sporting appeal and, together with the BMW M Performance rear spoiler, an even more powerful look. Only in conjunction with BMW M Performance rear spoiler.

2 BMW M Performance exhaust system

2 BMW M Performance tailpipe trim, chrome

2 19" BMW M Performance light alloy wheels Double-spoke style 405 M

The premium 19" light alloy wheels are in Bicolour Orbit Grey, forged, burnished on the visible sides and feature the four-colour BMW M logo.

2 BMW M Performance Black Line rear lights

Brilliant aesthetics through a combination of dark red and black. The M Performance Black Line rear lights give the rear profile even more expressive character and an unmistakable appearance. An absolutely precise fit and perfectly matched to both the design and the electrical system. On vehicles with halogen headlights, the rear lights are replaced with LEDs.

3 BMW M Performance Alcantara steering wheel II with carbon trim

4 BMW M Performance interior trim, carbon with Alcantara

GIVING LIFE TO THE SPORTING SPIRIT.

BMW M PERFORMANCE PARTS FOR THE BMW 2 SERIES.

1 BMW M Performance accent stripes

Sportiness, right down the line: the accent stripes in black/silver or black/red give the vehicle strikingly individual and dynamic character. Their positioning immediately beneath the swage line accentuates the sporty elegance of the vehicle's design.

1 19" BMW M Performance light alloy wheels Double-spoke style 405 M

In Bicolour Orbit Grey, forged, burnished on the visible sides and featuring the four-colour BMW M logo.

1 BMW M Performance silencer system

1 BMW M Performance tailpipe trim, carbon

1+2 BMW M Performance Aerodynamics package

For even better aerodynamic values and perfectly adapted to the BMW 2 Series. Includes front bumper components including splitter, rear spoiler and diffuser as well as blades for the side sills. A strong BMW M Performance Parts statement is also made by the accompanying trim for the side sills with BMW M Performance lettering. The BMW M Aerodynamics package is required for this package.

2 BMW M Performance front grille, black

2 BMW M Performance wing mirror caps, carbon

3 BMW M Performance Alcantara steering wheel II with carbon trim and race display

The Alcantara steering wheel II with carbon trim and race display features the latest OLED technology and two-tone LED displays. Buttons integrated into the thumb rest area can be used to activate Race, Sport or EfficientDynamics mode.

4 BMW M Performance trim for the centre console gear lever in Alcantara and carbon

The centre console trim inspires with its exclusive mix of materials: the tactile quality of open-pore carbon makes an immediate high-tech impression and the high-quality Alcantara has exceptionally pleasant feel. It's a combination that further heightens the individual and sporty character of the interior.

4 BMW M Performance gear lever trim, carbon

5 BMW M Performance LED doorsill finishers

THE ESSENCE OF ATHLETIC POWER.

BMW M PERFORMANCE PARTS FOR THE BMW 3 SERIES.

1 BMW M Performance wing mirror caps, carbon

1 BMW M Performance front grille, black

1 + 2 20" BMW M Performance light alloy wheels Double-spoke style 405 M

The high-quality 20" light alloy wheels are in Bicolour Orbit Grey, forged, burnished on the visible sides and feature the four-colour BMW M logo. Also available as 18" complete winter wheels in matt Black.

1 + 2 BMW M Performance Aerodynamics package

For even better aerodynamic values and perfectly adapted to the BMW 3 Series. Featuring an attachment for the front bumper, a splitter, rear and roof-edge spoilers and a rear diffuser as well as blades for the side sills. A strong BMW M Performance Parts statement is also made by side sill trim with BMW M Performance lettering. The BMW M Aerodynamics package is required for this feature.

2 BMW M Performance exhaust system

2 BMW M Performance tailpipe trim, chrome

3 BMW M Performance Alcantara steering wheel II with carbon trim

Pure passion at the wheel. The Sport steering wheel is clad in Alcantara for exceptional grip and an open-pore carbon trim is a particularly sophisticated extra touch. Silver-grey cross-stitching, applied by hand, along with a central marker in red leather create an even more individual motorsport feel.

4 BMW M Performance interior trim, carbon with Alcantara

5 BMW M Performance stainless steel footrest/pedal covers

6 BMW M Performance limited slip differential

This mechanical system on the rear axle improves traction by transmitting more torque to the wheel with better grip, thus minimising slip. The result is more stable cornering, optimal traction and more dynamic driving characteristics.

POWER AND AESTHETICS TAKE CENTRE STAGE.

BMW M PERFORMANCE PARTS FOR THE BMW 4 SERIES.

1 BMW M Performance tailpipe trim, chrome

1 BMW M Performance exhaust system

1 BMW M Performance 18" brake system

1 BMW M Performance side skirt transfers

**1 20" BMW M Performance light alloy wheels
Double-spoke style 624 M**

In Bicolour matt Black, forged and milled and featuring the four-colour BMW M logo.

1+2 BMW M Performance Aerodynamics package

For even better aerodynamic values and perfectly adapted to the BMW 4 Series. Front bumper components include a splitter, rear spoiler and diffuser. A strong BMW M Performance Parts statement is also made by the trim for the side sills with BMW M Performance lettering. The BMW M Aerodynamics package is required for this feature.

1+2 BMW M Performance accent stripes

Sportiness, right down the line: the accent stripes in black/silver (pic 2) or black/red (pic 1) give the vehicle strikingly individual and dynamic character. Placed immediately beneath the swage line, they accentuate the sporty elegance of the vehicle's design.

2 BMW M Performance front grille, black

2 BMW M Performance wing mirror caps, carbon

**3 BMW M Performance Track Fix for
GoPro camera**

A secure and stable base for professional-quality outdoor shooting on the racetrack. The exterior holder attaches to one of the car's tow hook apertures and the camera can be controlled by an app.

**4 BMW M Performance Alcantara steering
wheel II with carbon trim and race display**

This features the latest OLED technology and two-tone LED displays. Buttons integrated into the thumb rest area can be used to activate Race, Sport or EfficientDynamics mode.

**5 BMW M Performance pedal covers/
stainless steel footrest**

Puristic design, secure hold: with their high-quality stainless steel surfaces and asymmetrical profiles, the footrest and pedal covers give dynamic, high-tech character to the footwell. Their design also prevents feet from slipping.

FLAWLESS DYNAMICS – PURE EXPRESSION.

BMW M PERFORMANCE PARTS FOR THE BMW 5 SERIES.

1 BMW M Performance front grille, black

1 BMW M Performance side skirt transfers

1 BMW M Performance front splitter, carbon

1 BMW M Performance wing mirror caps, carbon

2 + 3 20" BMW M Performance light alloy wheels V-spoke style 464 M

Available in Bicolour Ferric Grey, burnished on the visible sides (pic 2) as well as Liquid Black (pic 3).

4 BMW M Performance interior trim, carbon

5 BMW M Performance silencer system

5 BMW M Performance rear spoiler, carbon

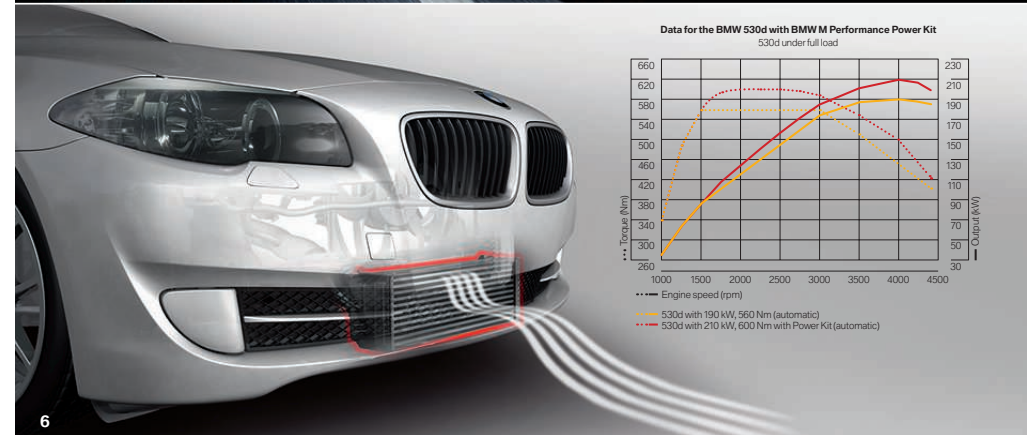

Sporty and elegant high-tech look. Carefully hand-crafted in 100 per cent carbon, weight-optimised and providing high stability.

5 BMW M Performance rear diffuser

Elegant dynamics that blend seamlessly with the design and specifically developed for the BMW 5 Series.

6 BMW M Performance Power Kit

BMW M Performance Power Kits further increase the already impressive performance of your BMW 5 Series thanks to perfectly matched software and hardware components. Peak engine torque varies according to the selected gear. Available for the 520d and 530d. Power Kits for the 530d feature an upgraded front-axle brake system. BMW M Performance lettering for the side sills is included. Also available for the 535i.

UNITED: AESTHETICS AND STRIKING SPORTINESS.

BMW M PERFORMANCE PARTS FOR THE BMW 6 SERIES.

1 BMW M Performance front grille, black

1 BMW M Performance wing mirror caps, carbon

1+2 20" BMW M Performance light alloy wheels V-spoke style 464 M

Available in Bicolour Ferric Grey, burnished on the visible sides (pic 1) as well as Liquid Black (pic 2).

3 BMW M Performance silencer system

For an impressively sporty sound – inside and out. Exceptionally high quality exhaust system in stainless steel, with chromed tailpipes left and right for the 640i. Featuring black chrome, trapezoid tailpipe trim for the 650i without the BMW M Aerodynamics package.

4 BMW M Performance Alcantara steering wheel II with carbon trim

The Alcantara steering wheel II with carbon trim and a 373mm diameter features hand-stitched silver-grey cross-stitching and emphasises sportiness with a red centring strip in leather. The steering wheel trim with the BMW M logo is finished in lacquered, highly polished carbon fibre. For vehicles with the BMW M Sport package or the BMW M Sport steering wheel.

5 BMW M Performance gear lever trim, carbon for Sport automatic

ENJOY SPORTINGLY INDIVIDUAL LUXURY.

BMW M PERFORMANCE PARTS FOR THE BMW 7 SERIES.

1 BMW M Performance front grille, black

For a first impression that lasts: the front grille in high-gloss black gives the vehicle an even more resolute and athletic-looking front profile. The gloss black framing also makes the inlets look larger and even more striking.

1+2 21" BMW M Performance light alloy wheels Double-spoke style 650 M

Forged, in Bicolour gloss Black, burnished on the visible sides and featuring the BMW M logo.

1+3 BMW M Performance wing mirror caps, carbon

Hand-crafted in carbon: the striking wing mirror caps highlight the technologically advanced character of the vehicle. Their dynamic design ensures a high-quality look and adds an individual, sporty accent.

1+4 BMW M Performance side skirt transfers

A clear statement: the side skirt transfers in high-gloss Black are tailor-made for the vehicle's design and visually stretch its dynamic profile. With BMW M Performance lettering.

5 BMW M Performance rear spoiler

Dynamics you can see – and feel. The premium-quality PUR RIM rear spoiler emphasises the athletic presence of the vehicle. Optimised aerodynamics also reduce lift and contribute to even more harmonious steering.

SET THE SCENE WITH A STRONG IMPRESSION.

BMW M PERFORMANCE PARTS FOR THE BMW X3 AND THE BMW X4.

1 BMW M Performance front grille, black

1 BMW M Performance wing mirror caps, carbon

1 + 3 21" BMW M Performance light alloy wheels Double-spoke style 310 M

These weight-optimised wheels are in Bicolour Ferric Grey, burnished on the visible sides and feature rolled rims and the BMW M logo.

2 BMW M Performance rear spoiler, carbon

Dynamism at its most sophisticated: the rear spoiler is made of 100 per carbon. Its bold design makes the sporty and masculine character of the vehicle's rear even more pronounced.

2 BMW M Performance silencer system

2 BMW M Performance accent stripes

Sportiness, right down the line: the accent stripes in black/silver give the vehicle strikingly individual and dynamic character. Their positioning immediately beneath the swage line accentuates the sporty elegance of the vehicle's design.

2 + 4 21" BMW M Performance light alloy wheels Double-spoke style 599 M

In matt Bicolour Orbit Grey, burnished on the visible sides and featuring rolled rims and the BMW M logo.

5 BMW M Performance Alcantara steering wheel with carbon trim

Sportiness well in hand: the Alcantara covering on the steering wheel guarantees perfect grip and satisfying feel – whether the temperature is high or low. A perfectly balanced combination of carbon, silver-grey cross-stitching, applied by hand, and a central marker in red leather creates an even more individual motorsport feel.

5 BMW M Performance interior trim, carbon

6 BMW M Performance pedal covers/ stainless steel footrest

FOR A COMMANDING, SELF-ASSURED PRESENCE.

BMW M PERFORMANCE PARTS FOR THE BMW X5 AND THE BMW X6.

1 BMW M Performance rear flaps

High-flying looks: the rear flaps in high-gloss black or in carbon give a considerable boost to the vehicle's overall impact. The striking wing profile, in particular, makes an individually sporty impression.

1 BMW M Performance tailpipe trim, chrome

1 BMW M Performance rear diffuser, carbon

The carbon rear diffuser is painstakingly constructed by hand, weight-optimised and exceptionally strong. Only available in conjunction with the BMW M Sport package.

1 BMW M Performance rear spoiler, carbon

Dynamism at its most sophisticated: the rear spoiler is made of 100 per cent carbon. Its dynamically stylish design makes the sporty and masculine character of the vehicle's rear even more pronounced.

1 + 3 21" BMW M Performance light alloy wheels Double-spoke style 599 M

In matt Bicolour Orbit Grey, burnished on the visible sides and featuring rolled rims and the BMW M logo.

1 + 5 BMW M Performance side skirt transfers

2 21" BMW Performance light alloy wheels Y-spoke style 375

In Bicolour Ferric Grey, burnished on the visible sides and with BMW Performance lettering.

4 21" BMW M Performance light alloy wheels Double-spoke style 310 M

In Bicolour Ferric Grey, burnished on the visible sides and featuring rolled rims and the M logo.

5 BMW M Performance front grille, black

5 BMW M Performance wing mirror caps, carbon

5 BMW M Performance front splitter, carbon

6 BMW M Performance roof spoiler

Sporty elegance: the roof spoiler in high-gloss black further enhances the eye-catching looks of the vehicle. Its dynamic design makes a clear and individually sporty statement at the rear.

7 BMW M Performance Alcantara steering wheel II with carbon trim

BMW M Performance

Sheer
Driving Pleasure

**AN UNCOMPROMISING PASSION FOR RACING.
BMW M PERFORMANCE PARTS.**

BMW M3. BMW M4. BMW M5. BMW M6. BMW X5 M AND BMW X6 M.

1929 The BMW motorsport era begins. First victory for BMW with the BMW 3/15 at the prestigious Alpine Rally.

1984 Volker Strycek secures the first DTM victory for BMW with the BMW 635 CSi.

1989 Roberto Ravaglia becomes the Touring Car world champion in the BMW M3.

2004/2005 BMW triumphs at the 24 Hours Nürburgring in two consecutive years with a double victory in the BMW M3 GTR.

2010 Overall victory in the BMW M3 GT2 at the 24 Hours Nürburgring.

2012 Return to the DTM with the legendary BMW M3 DTM. And a sensational hat trick: first place for driver, team and manufacturer.

2013 Enormously successful era of the BMW M3 DTM ends with an impressive victory in the Manufacturers' Championship.

2014 BMW secures a commanding win in the Drivers' Championship in its first year with the BMW M4 DTM.

2015 The hunt for the title continues: BMW starts the racing season with eight drivers and four teams.

WHY MOTORSPORT IS WRITTEN WITH AN M.

It began in 1929 when, for the first time, the BMW 3/15 won the legendary Alpine Rally. Since then, the story of BMW has been one of unforgettable victories and iconic racing cars including the BMW 328, the BMW 3.0 CSL, the BMW M1 and the BMW M3.

The DTM in 1984 was a particular high point, with BMW securing overall victory in the event's very first season. And then, in 2012, a sensational comeback: a DTM title hat trick after a 20-year absence. In 2014, the BMW M3 DTM was finally replaced by the new BMW M4 DTM – and Marco Wittman immediately took the lead, going on to win the Drivers' Championship in the brand new racer.

BMW M will, no doubt, keep going from strength to strength. As the driver of a BMW M model, you will almost certainly feel the spirit of all this motorsport success in your own vehicle. You may still, however, want to things even further – with BMW M Performance Parts for aerodynamics, the chassis, drivetrain and cockpit. With these innovative retrofit components you will get as close as possible to the pulse of the racetrack – in your own BMW M.

The cover and the picture on this page (above) show the BMW M4 DTM from the 2015 DTM season.

RESISTANCE IS FUTILE.

Don't just show the difference, experience it – time and time again. BMW M Performance aerodynamics components do more than give the vehicle a breathtakingly athletic presence. They also noticeably optimise aerodynamic values. High-tech materials such as carbon also ensure exceptional standards when it comes to lightness, stability and durability.

All aerodynamics components are perfectly in tune with each vehicle, both visually and technically. And along with splitters, spoilers and diffuser inserts, front grilles and wing mirror caps add extra, sportingly individual accents.

1 BMW M Performance front attachment, carbon

Inspirational design. The front attachment, comprising carbon splitters and blades available in either matt black or the body colour, impressively underscores the sporty, exclusive appearance of the vehicle. The carbon inserts are hand made, uncompromisingly high quality and feature extremely aerodynamic lines.

1 BMW M Performance front grille, black

Strong character: the impressive double bars and their surround in high-gloss black radiate strength and focus – for individual presence with unmistakable purpose.

1+2 BMW M Performance wing mirror caps, carbon

Setting the tone with high tech. The wing mirror caps are in 100 per cent carbon and meticulously crafted by hand. Their dynamic and sporting high quality design leaves no doubt: individuality has top priority.

3 BMW M Performance rear spoiler, carbon

Impressive: the rear spoiler in carbon further strengthens the high quality sporting appearance of the vehicle. Along with other BMW M Performance aerodynamics components, it also optimises aerodynamic values for even more sporty driving.

4 BMW M Performance rear diffuser, carbon

100 per cent hand-made rear diffuser in full carbon. 100 per cent pure motorsport character. 100 per cent excitement. The high-tech rear diffuser creates an even sportier appearance and impressively accentuates the masculine character of the car.

AERODYNAMICS.

MAXIMUM CONTROL. UNBRIDLED PASSION.

Grip. Poise. Control. BMW M Performance Parts for the chassis improve the already impressive handling characteristics of your BMW M model.

The high-end brake system, for instance, ensures optimum control even in extreme driving situations. Perfectly measured brake pressure, high thermal resistance and very low weight make this system the ultimate precision tool. Visual highlight: brake calipers in a striking matt Gold and featuring the BMW M logo.

1+2 BMW M Performance carbon ceramic brake system

Extremely high thermal resistance. Extremely resistant to brake fade. Extremely low weight. The high-end brake system, with its innovative use of a carbon fibre-ceramic composite, guarantees breathtaking performance and agility – on the racetrack and on the street.

CHASSIS.

MUSIC BY TITANIUM.

Adrenaline rush: the BMW M Performance exhaust system in titanium delivers an extraordinary sound performance, inside and outside of the car. It's a breathtaking effect that makes dynamic driving an immersive, multi-sensory experience. The system uses the extremely heat and corrosion-resistant material titanium and, compared with the standard system, also significantly reduces weight.

The tailpipe trim, available in titanium or chrome, is a sophisticated sign of individual character.

1 + 3 BMW M Performance tailpipe trim in titanium

A sign of strength: the tailpipe trim in high-quality titanium is an unmistakable visual highlight. With BMW M logo, for a look that leaves nothing to be desired.

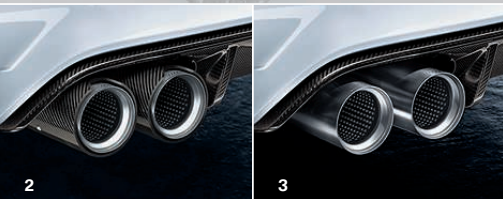

1 + 4 BMW M Performance exhaust system, titanium

Performance that can be seen and heard. The exhaust system delivers an impressively rich engine note. At the same time, it reduces exhaust back pressure. The striking twin tailpipes also have a bold and pure high tech look. Visual highlight: the sophisticated tailpipe trim, available in titanium (pics 1 + 3) or carbon (pics 2 + 4). With BMW M logo.

2 + 4 BMW M Performance tailpipe trim, carbon

More individual, more exclusive, more sporty: the high-quality tailpipe trim in technologically advanced carbon or titanium gives the rear profile an even more commanding look. With BMW M logo.

DRIVETRAIN.

GET ON BOARD. BUCKLE UP. AND DRIVE.

Core deep quality – without compromise. BMW M Performance Parts for the interior give the cabin an unmistakably purist racing atmosphere.

Fascinating materials such as hand-crafted carbon, premium Alcantara and high-quality stainless steel promise an inspirationally visual and tactile motorsport experience. The BMW M Performance steering wheels, in particular, make the cockpit a commanding control centre – whether it's everyday driving or track time.

1 BMW M Performance gear lever trim in carbon

Ultimate motorsport feel: perfectly finished carbon fibre, several coats of lacquer and polishing to a high gloss give the gear lever surface a fascinating depth. A captivating high point in the cockpit.

2 BMW M Performance floor mats

High-quality looks, outstanding hold: the BMW M Performance floor mats are finished to perfection and give the footwells an individually sporty feel. With grey design lines and interwoven BMW M Performance lettering.

2 BMW M Performance LED doorsill finishers

An inspiring entrance: BMW M Performance lettering illuminated in bright white makes getting on board an experience in itself. The dynamic design of the LED doorsill finishers and their stainless steel look further enhance the effect. With cable-free operation thanks to an integrated battery and magnetic switch.

3-6 BMW M Performance steering wheel II

Motorsport excitement well in hand: the steering wheel cover in high-quality Alcantara guarantees excellent grip in all temperatures and even in extreme driving situations. The race display in the latest OLED technology and the two-colour LED gearchange indicator to the right and left offer authentic motorsport feel every day. The Race, Sport and EfficientDynamics modes can be called up at the press of a button. The stopwatch (in Race mode with 1/100 second display) and G meter for lateral and longitudinal acceleration deliver up-to-the-minute motorsport data. You can also save up to 50 lap times and maximum values for speed and longitudinal and lateral acceleration. The lacquered carbon trim ensures a unique, dynamically sophisticated look. Also available without race display (pic 6).

See the product overview on page 24 for BMW M Performance Parts to match your BMW M model.

DRESS CODE FOR THE ALPHA ANIMAL.

BMW M PERFORMANCE PARTS FOR THE BMW M3.

1 BMW M Performance motorsport side stripes
Dynamic, exclusive, striking: the motorsport side stripes are designed in the three BMW M colours. The direct reference to motor racing underscores the sporty design of the vehicle and gives it even more individual character.

1 BMW M Performance sidewall bars, high-gloss black

A clear statement: the robust bars in high-gloss black decisively strengthen the distinctive character of the vehicle's side profile. Sporty. Sophisticated. Strikingly effective.

1+3 BMW M Performance exhaust system, titanium

High tech you can hear: an uncompromisingly bold motorsport sound, an unmistakable presence. The engine dynamics button offers three modes: Sport and Sport+ for an extremely penetrating and emotional sound and Efficient for sporting intensity more suited to everyday driving. Special exhaust gas routing further optimises the typical six-cylinder bi-turbo sound characteristics and

underlines the sporting driving experience. The rear silencer is manufactured completely in race-grade titanium. A strikingly individual highlight: sophisticated tailpipe trim available in titanium or carbon and featuring the BMW M logo.

2 BMW M Performance front grille, black

4 BMW M Performance Alcantara steering wheel II with carbon trim and race display

4 BMW M Performance gear lever trim in carbon

4 BMW M Performance carbon handbrake grip with Alcantara gaiter

Passion in your hands: the lacquered carbon fibre handbrake grip is upholstered in high-quality Alcantara and the gaiter is refined with stitching in the BMW M colours. This emphasises the motorsport feel in the interior and perfectly complements other BMW M Performance Parts.

BMW M Performance door handles, carbon

(not pictured)
Details make the difference: the door handles are made of premium carbon fibre and have a high-gloss, exceptionally deep-looking finish. They perfectly round off the uniquely sporty, BMW M Performance picture inside the car.

AT HOME IN THE RED ZONE.

BMW M PERFORMANCE PARTS FOR THE BMW M4.

1 BMW M Performance motorsport side stripes

Dynamic, exclusive, striking: the motorsport side stripes are designed in the three BMW M colours. The direct reference to motor racing underscores the sporty design of the vehicle and gives it even more individual character.

1 BMW M Performance side skirts

High-impact appearance: the skirt attachments in matt black or the body colour significantly reinforces the sporty character of the vehicle. Along with other BMW M Performance aerodynamics components, they also help to optimise aerodynamic values. Powerful. Individual. Dynamic.

1 BMW M Performance sidewall bars, high-gloss black

A clear statement: the robust bars in high-gloss black decisively strengthen the distinctive character of the vehicle's side profile. Sporty. Sophisticated. Strikingly effective.

1 BMW M Performance front grille, black

1 BMW M Performance front attachment, carbon

2 BMW M Performance rear spoiler, carbon

3 BMW M Performance rear diffuser, carbon

4 BMW M Performance Drive Analyser

Exhilaration can be measured: the Drive Analyser comprises an on-board diagnostics (OBD) stick and a smartphone app (iOS and Android). Engine data, maximum values, throttle and brake pedal use, lateral acceleration and much more information can be

professionally recorded and analysed. The interactive driving experience system is suitable for everyday driving as well as the track.

5 BMW M Performance carbon handbrake grip with Alcantara gaiter

Passion in your hands: the lacquered carbon fibre handbrake grip is upholstered in high-quality Alcantara. The gaiter is refined with stitching in the BMW M colours. This emphasises the motorsport feel in the interior and perfectly complements other BMW M Performance Parts.

5 BMW M Performance gear lever trim in carbon

5 BMW M Performance armrest, Alcantara

Small details make the biggest difference: the armrest completes the exclusive motorsport look in the cockpit. In a premium material mix of Alcantara and high-gloss carbon and adjustable in length. With eye-catching stitching in BMW M colours and chrome BMW M Performance lettering in the carbon trim.

THE HIGHEST STANDARDS IN DESIGN AND DYNAMICS.

BMW M PERFORMANCE PARTS FOR THE BMW M5.

1 BMW M Performance carbon rear spoiler

1 BMW M Performance side skirt transfers

Power up an already powerful profile: the high-quality transfers, in black and with BMW M Performance lettering and the BMW M logo, further enhance the dynamic character of the side skirts. They also make the profile look even more individual.

1 + 2 BMW M Performance stripes, front and rear

Clear statement: the front and rear stripes in typical BMW M colours convey uncompromising motorsport character at first sight. The quality of the transfer material is checked in demanding climatic cycle tests. And the geometry is perfectly matched to the dynamic form of the vehicle.

2 BMW M Performance wing mirror caps, carbon

2 BMW M Performance front grille, black

3 BMW M Performance tailpipe trim, carbon

3 BMW M Performance exhaust system

For the connoisseur: the BMW M Performance exhaust system is a collaborative development between BMW M GmbH and Akrapovič, a leading manufacturer of premium titanium exhaust systems. The result is resoundingly clear in the incomparably deep and resonant sound this product creates. The BMW M Performance exhaust system, with a layout specifically developed for BMW M models, also impresses with its outstanding temperature and corrosion resistance and a 10.4kg reduction in weight compared with the standard system. Depending on operating time and temperature, the titanium components in the optional titanium tailpipe trim take on the metal's characteristic yellow-blue colouring.

POWER IN ITS MOST BEAUTIFUL FORM.
BMW M PERFORMANCE PARTS FOR THE BMW M6.

motorsport data. You can also save up to 50 lap times and top values for speed and longitudinal and lateral acceleration. The lacquered carbon trim ensures a unique, dynamically sophisticated look.

INSPIRED BY A PASSION FOR RACING.

BMW M PERFORMANCE PARTS FOR THE BMW X5 M.

1 BMW M Performance Air Breather, high-gloss black

A clear statement: the elegantly sculpted Air Breather in high-gloss black decisively accentuates the bold character of the vehicle's side profile. Sporty. Sophisticated. And exceptionally effective.

1 BMW M Performance front grille, black

1 BMW M Performance motorsport side stripes

The front, side and rear stripes in typical BMW M colours convey uncompromising motorsport character at first

sight. The quality of the transfer material is checked in demanding climatic cycle tests. And the geometry is perfectly matched to the dynamic form of the vehicle.

2 BMW M Performance Alcantara steering wheel II with carbon trim

2 BMW M Performance interior trim, carbon

Made of pure passion: premium Alcantara and carbon guarantee authentic motorsport feel in the cockpit. The trim also has a fascinating depth thanks to several layers of lacquer and a high-gloss polish.

2 BMW M Performance pedal covers, stainless steel

Purist design, precise workmanship: thanks to the asymmetrical design of their rubber treads, the pedal covers in solid stainless steel give the footwell distinctively dynamic, high-tech character. The perfect complement to other BMW M Performance Parts.

TO THE LIMIT – AND BEYOND.

BMW M PERFORMANCE PARTS FOR THE BMW X6 M.

1 BMW M Performance Air Breather, high-gloss black

A clear statement: the elegantly sculpted Air Breather in high-gloss black decisively accentuates the bold character of the vehicle's side profile. Sporty. Sophisticated. And exceptionally effective.

1 BMW M Performance motorsport side stripes

The front, side and rear stripes in typical BMW M colours convey uncompromising motorsport character at first sight. The quality of the transfer material is checked in demanding climatic cycle tests. And the geometry is perfectly matched to the dynamic form of the vehicle.

1 BMW M Performance rear fins

Competitive edge: the rear fins are made of particularly tough and durable polyurethane. Their premium, sporty look gives the vehicle's rear even more dynamic character. They also noticeably enhance high-speed handling.

2 BMW M Performance centre console trim in carbon

Sportiness central: the centre console trim features several layers of lacquered carbon and adds an unmistakable touch of motorsport to the interior.

2 BMW M Performance gear lever trim, carbon

3 BMW M Performance wing mirror caps, carbon

4 BMW M Performance front grille, black
