CONNECTIONS
ARE
EVERYTHING.

TAKE THE LONG
WAY HOME – THEY’LL
UNDERSTAND.

Agile, exciting, authentic – everything with the highest grade: FIRST!

Best driving dynamics in its class BMW M135i xDrive II M Sport differential II Adaptive suspension II M Sport brake II M Sport steering II Steptronic Sport transmission. **Sporty, compact exterior design** Large kidney grille designed as a connected element II Adaptive LED headlights II Short front overhang and long wheelbase II 19" wheels for the first time II Flat, wide rear. **Progressive, driver-oriented interior design** M Sport seats II Generous leg room in the rear II Extensive luggage compartment capacity II Panorama glass roof and backlit interior trim finishers for the first time in the BMW 1 Series. **Innovative driver assistance and connectivity** BMW Intelligent Personal Assistant II BMW Digital Key¹ II BMW Live Cockpit Professional with display network II BMW Head-Up Display² II Driving Assistant³ II Parking Assistant⁴ incl. Reversing Assistant. **Endless driving pleasure – the new BMW 1 Series.**

¹ Prerequisite is a BMW ConnectedDrive account and a compatible smartphone with Android operating system, NFC technology and integrated secure element.

² Only compatible with selected Android smartphones with Android 8.0 or higher. For customers with non-compatible smartphones, a high-quality key card is provided.

³ The information in the BMW Head-Up Display is not fully visible when viewed through polarised sunglasses. Content shown will depend on the equipment options chosen.

⁴ Further optional equipment is required to display specific items.

⁵ Function may be limited in darkness, fog or bright glare.

⁶ The driver is responsible for constantly monitoring the automated parking procedure in accordance with local road laws.

Available as optional equipment. The availability of some equipment features and functions depends on engine variants or additional options. The market and production availability may vary. You can find detailed information about terms, standard and optional equipment at www.bmw.com or at your BMW Partner.

HIGHLIGHTS.

Discover even more with the new BMW Brochures app. Available now, for your smartphone and tablet.

■ Standard equipment □ Optional equipment

□ The M Sport package gives the vehicle an even sportier touch. In addition to an appearance sharpened by many details in the exterior and interior, the M sports package guarantees an increase in driving pleasure. The M Sport suspension and the M Aerodynamics package for example noticeably optimise the driving dynamics.

□ The M sports seats with integrated headrests, deep sitting surface and high side and backrest bolsters offer the driver and front passenger improved support, even in fast turns. In addition, the seat can be adjusted to your individual body size thanks to the integrated backrest width adjustment.

□ The M Performance package³ additionally boosts the sporty potential of the vehicle and ensures maximum acceleration performance. In addition, the weight reduction noticeably increases the driving dynamics. Distinctive design elements in Black and 18" M lightweight forged wheels also make the M Performance package visible from the outside.

□ When open, the Panorama glass roof provides a great deal of fresh air. Closed, it creates a bright, light-flooded atmosphere in the interior. It opens and closes completely automatically at the push of a button or with the vehicle key and is equipped with slide and lift functions, a roller sunblind and wind deflector.

□ The BMW Live Cockpit Professional with navigation function includes two high-quality displays consisting of a high-resolution 10.25" Control Display that can be operated by touch and a fully digital 10.25" instrument display. The BMW Operating System 7.0 can also be operated via the iDrive Touch Controller.

□ Interior trim finishers 'Illuminated Boston' with 'Mesh' accent on the instrument panel and door panel.

□ The M Sport suspension is set approximately 10 mm lower and features more athletic settings.

□ Adaptive LED headlights with low-beam and high-beam headlights include LED turn indicators and Adaptive headlights.

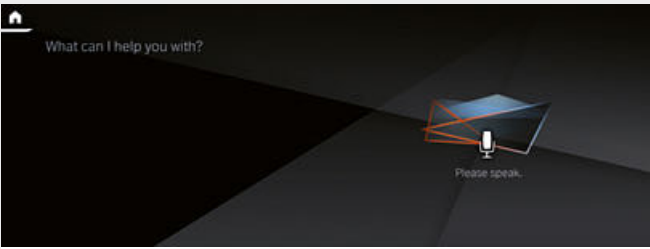

□ Complementary to the iDrive Touch Controller, BMW Gesture Control allows for specified functions to be controlled with gestures.

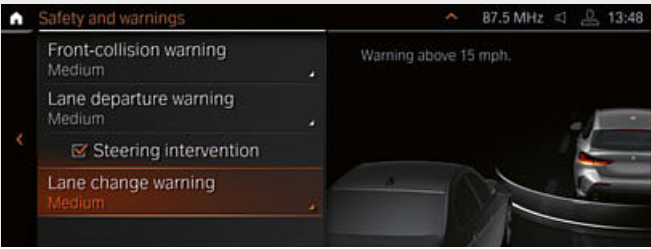

□ Your car key? No need for that anymore. The Digital Key¹ exists on your Android smartphone, and you can share it with friends.

□ The large, full-colour BMW Head-Up Display² projects information relevant to the journey directly into the driver's field of vision.

□ The BMW Intelligent Personal Assistant is the very soul of your BMW, ready to help you at all times. To speak with the assistant, there is no need to activate it by pressing a button. Simply start talking as you normally would. You might say, for example, 'Hello, BMW. Who are you?' Perhaps you would like to give the assistant a different name? If so, say, 'Hey, BMW. Change the activation word.'

□ The safety package Driving Assistant⁴ includes the camera-based systems approach control warning and person warning with full city braking function, Speed Limit Assist incl. Speed Limit Info with No-overtaking indicator with preview and Lane Departure Warning. Additionally, the radar-based equipment includes Crossing traffic warning rear, Lane Change Warning and Rear collision warning.

□ The Reversing Assistant stores the last 50 m of the driven path in forward travel up to 35 km/h, so that it can be retracted if required. You are relieved of the steering work and can concentrate on monitoring the vehicle environment.

¹ Prerequisite is a BMW ConnectedDrive account and a compatible smartphone with Android operating system, NFC technology and integrated secure element. Only compatible with selected Android smartphones with Android 8.0 or higher. For customers with non-compatible smartphones, a high-quality key card is provided.

² The information in the BMW Head-Up Display is not fully visible when viewed through polarised sunglasses. Content shown will depend on the equipment options chosen. Further optional equipment is required to display specific items.

³ Available from 11/2019.
⁴ Function may be limited in darkness, fog or bright glare.

BMW M PERFORMANCE PARTS.

■ Standard equipment □ Optional equipment ○ Accessories

M PERFORMANCE PARTS

○ Moving design. The rear spoiler is made of PUR in black high-gloss, an elegantly athletic accent for the rear of the vehicle. At the same time, it contributes to optimised aerodynamics. The spoiler is perfectly tailored to the vehicle design and can be painted in the body colour.

○ The striking exterior mirror cap in a new, unique carbon-fibre look underlines the vehicle's high-tech character, adding an individual athletic touch.

○ Gripping facts: The steering wheel with Alcantara-lined grip area provides excellent feel and grip for a sportier steering feel.

○ For a shiny, athletic look: The M Performance front splitter in black high-gloss provides optimum aerodynamics and highlights the vehicle's masculine appearance in a highly exclusive manner. A unique motorsport look for anybody who refuses to compromise.

○ The rear diffuser with new carbon-fibre look creates an even more modern appearance – and makes the vehicle's sporty look even more impressive.

○ Weight-optimised 19" M Performance light alloy wheels Double-spoke style 555 M in Bicolor Jet Black matt, gloss-lathed. TPMS summer complete wheel set.

The figures for performance, fuel consumption and CO₂ emissions refer to vehicles with standard transmission. Figures in [] are for vehicles with Steptronic transmission.

¹ The EC unladen weight refers to a vehicle with standard equipment and does not include any optional extras. The unladen weight includes a 90% full tank and a driver weight of 75 kg. Optional equipment may affect the weight of the vehicle, the payload and the top speed if the selected equipment has an impact on the vehicle's aerodynamics.

² The actual total weight of the trailer must not exceed the maximum permitted trailer load, taking into account the maximum tow bar download.

³ Performance data of petrol engines apply to vehicles using RON 98 fuel. Fuel consumption data apply to vehicles using reference fuels in accordance with EU Regulation 2007/715. Unleaded RON 91 and higher with a maximum ethanol content of 10% (E10) may also be used. BMW recommends RON 95 super unleaded petrol.

⁴ The data for fuel consumption, CO₂ emissions and energy consumption are determined in accordance with the measurements processes as defined by European Regulation (EU) 2007/715 in the applicable version. Data refer to a vehicle with base-level equipment in Germany, and the ranges account for differences according to the selected wheel and tyre size and the optional equipment and may change during the configuration process. Figures have been determined on the basis of the new WLTP test cycle. [For these vehicles, values other than those specified here may apply for the assessment of taxes and other vehicle-related charges that are (also) based on CO₂ emissions].

⁵ Electronically limited.

⁶ Provisional figures; any missing figures were unavailable at the time of publication.

BMW M135i xDrive:

M TwinPower Turbo 4-cylinder petrol engine, 225 kW (306 hp), 19" M light alloy wheels V-spoke style 557 M Cerium Grey matt, gloss-lathed, Misano Blue metallic exterior colour, M Sport seats in cloth 'Trigon'/Alcantara Black, interior trim finishers 'Illuminated Boston'.

Fuel consumption in l/100 km (combined): 6.8–7.1

CO₂ emissions in g/km (combined): 155–162

The models illustrated in this brochure show the equipment and configuration options (standard and optional) for vehicles produced by BMW AG for the German market. Alterations in standard and optional equipment and the configurations available for the different models, as described in this brochure, may occur after 04/29/2019, the date when this brochure went to press, or according to the specific requirements of other markets. Your local BMW Partner is available to provide further details. Subject to change in design and equipment.
