FOR A LIFE WITH A DRIVE.

SPORTY DESIGN OCCUPIES SPACE. THE NEW BMW 2 SERIES ACTIVE TOURER AND THE NEW BMW 2 SERIES GRAN TOURER EXHIBIT GREATNESS AND LOOK SPECIFICALLY GOOD. THEY OFFER YOU PLENTY OF SPACE FOR YOUR ACTIVE LIFESTYLE WITHOUT HAVING TO GIVE UP ANYTHING: NEITHER THE TYPICAL BMW DRIVING DYNAMICS NOR THE SPORTY AND EXPRESSIVE DESIGN.

IN ADDITION, YOU BENEFIT FROM FLEXIBILITY THAT ADAPTS TO YOUR NEEDS. WHETHER YOU TRAVEL WITH SEVEN PEOPLE^{1,2} OR A LOT OF LUGGAGE: THE FUN DOESN'T REMAIN ON THE TRACK, BUT IS IN THE CENTRE – IN THE FRONT LEFT-HAND SIDE ON THE DRIVER'S SEAT. EXPERIENCE SPORTY FUNCTIONALITY. **IN THE NEW BMW 2 SERIES ACTIVE TOURER AND IN THE NEW BMW 2 SERIES GRAN TOURER.**

¹ Available as optional equipment.
² Only available for BMW 2 Series Gran Tourer.

DYNAMICS AND EFFICIENCY.

BMW EFFICIENT DYNAMICS.
LESS EMISSIONS. MORE DRIVING PLEASURE.

MORE POWER FROM LESS FUEL.

More power from three to 12 cylinders. Consume less, experience more – the **BMW TwinPower Turbo engines** offer the greatest possible dynamic performance with the highest efficiency thanks to the latest injection systems, variable output control and sophisticated turbocharger technology. Whether diesel or petrol, and no matter how many cylinders, the engines from the BMW EfficientDynamics engine family allow markedly more agile power delivery and outstanding responsiveness even at low rpm, while being fuel-efficient and low in emissions.

MORE DRIVING PLEASURE, LESS EMISSIONS.

Approximately 33% less CO₂ emissions since 2000: **BMW EfficientDynamics** is a technology package that includes not only the drive, but rather the whole vehicle concept and intelligent energy management. Provided as standard in every BMW, a variety of innovative technologies contribute to continuously improving efficiency. Via engine efficiency measures, electrification, lightweight construction methods and optimised aerodynamics, BMW has managed to reduce the CO₂ emissions of its fleet by 33%.

MORE SPEED, LESS WEIGHT.

Lower weight with intelligent lightweight construction. Special consideration for every last detail – intelligent lightweight construction means that the optimal material is found and implemented for each part of the vehicle. With extremely light high-tech materials such as aluminium and carbon fibre, **BMW EfficientLightweight** is pursuing the goal of minimising vehicle weight. That leads to even more dynamic performance, increased stability and heightened vehicle safety and comfort.

AUTOMATIC START/STOP FUNCTION

The Automatic Start/Stop function¹ switches off the engine when the vehicle comes to a temporary standstill (e.g. at traffic lights or in a traffic jam), which can reduce overall fuel consumption. When the driver presses down on the clutch (manual transmission) or takes their foot off the brake (Steptronic transmission), the engine automatically starts up again in a fraction of a second.

DRIVING EXPERIENCE CONTROL INCL. ECO PRO MODE

The Driving Experience Control lets the driver choose between the standard COMFORT mode, ECO PRO Mode which is geared towards efficiency, and SPORT mode which enables even more dynamic driving. ECO PRO mode adjusts the characteristics of the accelerator, Steptronic transmission, if present, and the heating/air conditioning settings to make the drive as fuel-efficient as possible.

OPTIMUM SHIFT INDICATOR

The Optimum Shift Indicator¹ shows the most efficient gear for a given driving situation. In all BMW models, the display informs the driver of the current gear and gives shifting recommendations. This noticeably lowers fuel consumption through perfectly timed gearshifts, particular in urban environments and over long distances.

IN THE NEW BMW 2 SERIES ACTIVE TOURER AND GRAN TOURER.

DRIVETRAIN AND SUSPENSION.

Innovation and Technology 18 | 19

THE ENGINE HIGHLIGHTS OF THE NEW BMW 2 SERIES ACTIVE TOURER

BMW 218i Active Tourer*

BMW TwinPower Turbo 3-cylinder petrol engine with 103 kW (140 hp) and 220 Nm torque
Acceleration 0–100 km/h: 9.3 s
top speed: 205 km/h
Combined fuel consumption: 5.8 l/100km
Combined CO₂ emissions: 132 g/km

AND THE NEW BMW 2 SERIES GRAN TOURER.

BMW 220d xDrive Active Tourer*

BMW TwinPower Turbo 4-cylinder diesel engine with 140 kW (190 hp) and 400 Nm torque
Acceleration 0–100 km/h: [7.8–8] s
Top speed: [218] km/h
Combined fuel consumption: [4.8–4.9] l/100 km
Combined CO₂ emissions: [128–129] g/km

The intelligent **BMW xDrive all-wheel drive system** smoothly and variably distributes drive power to the front and rear wheels for maximum traction, driving dynamics and safety in every driving situation. For even better agility, the electronically controlled power distribution for instance counterbalances oversteer or understeer on bends.

The **Performance Control** intervenes through engine control and controlled braking when turning, so that more power is distributed to the outer wheels and less to the inner wheels. This means that the vehicle practically turns itself, thus increasing driving safety and comfort.

The **driving dynamics control systems** support the driver in all difficult driving situations. The ABS prevents the wheels from being blocked, ensuring the car can be steered even during emergency braking. The anti-skid system Dynamic Stability Control (DSC) counteracts loss of grip in the wheels, automatically braking individual wheels.

The optional **Variable sport steering**^{1,2} with Servotronic creates a direct and agile steering response and ensures less physical effort is required to turn the wheel. It reacts to the angle of the steering wheel with varying steering ratios. This improves handling when driving more dynamically and reduces the effort needed to steer when parking and turning.

The **adaptive suspension**^{1,2} with a lowering of ten millimetres combines driving dynamics and ride comfort with a high degree of safety. The driver has the option of preselecting the damper characteristics via the Driving Experience Control. Along with the standard COMFORT setting, SPORT mode is also available.

M Sport suspension^{1,2} – which includes a chassis which is lowered by 10 millimetres – is characterised by an athletic suspension design. In addition to shorter bearing springs, it also encompasses tighter damper settings.

The fuel consumption and CO₂ emissions figures shown were determined in accordance with the measurement process as defined by European Regulation (EC) 715/2007 in the version applicable at the time of type approval. Data refer to a vehicle with base-level equipment in Germany, and the ranges account for differences according to the selected wheel and tyre size and the optional equipment and may change during the configuration process. The figures for vehicles marked * have already been determined on the basis of

the new WLTP legislation and have been converted back into NEDC figures for comparability. For these vehicles, values other than those specified here may apply for the assessment of taxes and other vehicle-related charges that are (also) based on CO₂ emissions.. Further information on fuel consumption and CO₂ emissions can be found in technical data or consult your local BMW partner.

¹ Not available for BMW 225xe iPerformance.

² Available as optional equipment.

DRIVER ASSISTANCE.

BMW Personal CoPilot By your side, when you decide.

The safety package **Driving Assistant**^{1,2} includes camera-based assistance systems, such as Lane Departure Warning, Approach control warning, High-beam assistant and Speed Limit Info. The Approach control warning and Person warning with light city braking function warns of collisions at speeds between 10 and 60 km/h, while the Lane Departure Warning causes the steering wheel to vibrate as a warning when the lane is unintentionally changed at 70 km/h or over.

Speed Limit Info including No-overtaking indicator^{1,3} detects current speed limits and no-overtaking zones and shows them on the Info Display in the instrument cluster and on the BMW Head-Up Display^{1,6}.

The **Lane Departure Warning**^{1,3} detects lane markings and alerts the driver before an unintentional lane change at speeds above around 70 km/h by means of vibrations in the steering wheel. If the indicator is activated, meaning that a change of lane is intended, no warning is given.

The **Driving Assistant Plus**^{1,2,4,5} equipment provides a clear improvement in safety and comfort. It includes the Approach control and Person warning with light city braking function, Lane Departure Warning, High-beam assistant, Speed Limit Info, Camera-based cruise control with Stop&Go function as well as Traffic jam assistant.

The full-colour **BMW Head-Up Display**^{1,6} projects all relevant driving information onto a panel in the driver's field of vision, which means they can remain focused on the road. Current speed, directions from the navigation system, Speed Limit Info incl. no-overtaking indicator and telephone and entertainment lists, among other things are displayed.

The **Parking assistant**¹ makes parallel parking easier. The system works by measuring potential spaces while driving past them at a low speed. When a suitable space has been found, the Parking Assistant takes over steering, while you are responsible for selecting the correct gear, as well as pressing the accelerator and brake.

SAFETY.

■ Standard equipment □ Optional equipment

□ The **Adaptive LED headlights** include low-beam and high-beam headlights and turn indicators with full LED technology. The equipment also features BMW Selective Beam, cornering lights, daytime running lights and Adaptive headlights with variable light control for excellent illumination of the road ahead and better visibility in the dark.

■ **Dynamic Stability Control (DSC)** continuously assesses the vehicle's movements using various sensors and stabilises the car with engine and braking regulation when unstable driving conditions are detected. Auxiliary functions include braking readiness, brake drying by the braking system in wet conditions and the Hill-Start assistant.

□ The **Intelligent Emergency Call** automatically establishes a connection with the nearest rescue coordination centre through the BMW call centre whenever needed – without the use of a mobile phone. It transmits information regarding the vehicle's current location and the severity of the accident. The Intelligent Emergency Call can also be triggered manually in case other road users require help, for example.

■ The **head airbags** for the first and second seat row complete the vehicle's airbag equipment. With a protective sail that deflects flying shards, they create a highly effective head protection system for the window area that also protects the rear passengers in the event of a side collision.

□ **Traffic jam assistant**⁴ relieves you in monotonous traffic situations on the motorway: At speeds of up to 60 km/h, the system lets the car simply "glide along" with the other cars in dense traffic, making traffic jams less stressful. It automatically maintains the distance from the vehicle ahead and regulates the car's speed down to a standstill – as well as providing steering support.

□ **Approach control warning with light city braking function**^{1,3} warns of potentially critical situations to help prevent accidents. If there is a risk of collision with a vehicle moving or standing ahead, it provides a two-stage warning and, if necessary, pre-conditions the brakes for increased responsiveness. In case of an emergency, the system initiates braking, ensuring that the collision speed is significantly reduced.

¹ Available as optional equipment.

² Function may be limited in darkness, fog or bright glare.

³ Part of the Driving Assistant and Driving Assistant Plus packages.

⁴ Not available for 216i.

⁵ Only available in conjunction with additional equipment.

⁶ The information in the BMW Head-Up Display is not fully visible when viewed through polarised sunglasses. The exact content shown will depend on the equipment options chosen. Further optional equipment is required for content to be displayed.

CONNECTIVITY AND INFOTAINMENT.

BMW ConnectedDrive Connected to be free.

CONNECTED
FOR OVER **40** YEARS.

Focused on the future – from the very beginning. By the 1970s, BMW had already made headway in connected mobility. Another milestone of the digital future was surpassed in 1999: vehicles with built-in SIM cards. Then came the first online functionality, Google Services and innovative display systems such as the BMW Head-Up Display. Throughout this process, the desires of the customer have always taken centre stage. In a first for a premium automobile manufacturer, BMW makes it possible to book and pay for services flexibly via the BMW ConnectedDrive Store, in the vehicle or on a computer at home. And with the introduction of BMW Connected and the Open Mobility Cloud, BMW is taking the next steps into the future of mobility.

MORE THAN **20** SERVICES
AND APPS IN THE
BMW CONNECTED DRIVE STORE.

The ConnectedDrive Services equipment forms the basis for intelligent BMW ConnectedDrive functions, as well as for the integration of selected smartphone apps. This equipment also provides access to the BMW ConnectedDrive Store, in which services and apps can be ordered and extended easily, any time and anywhere to suit the user's individual requirements – for example with the Concierge Service or Online Entertainment, which turn every drive into a convenient and entertaining experience.

IN TOUCH **24/7** WITH
BMW CONNECTED.

What would it be like if you were never late again? What if your BMW already knew your preferred destinations? How would you like reliable navigation, whether you're sitting in your vehicle or not? BMW Connected provides you with the information you want, when and where you want it. BMW Connected is a personal mobility assistant which facilitates your everyday mobility and aids you in reaching your destinations relaxed and on time. With the BMW Connected app, mobility-relevant information such as recommendations for optimal departure times are available at any time via smartphone or smartwatch and can be seamlessly transmitted to the car.

CONCIERGE SERVICE

Concierge Service^{1,3} puts the driver through to a BMW Call Centre employee at the touch of a button. The employee can locate a particular restaurant, the closest cash dispenser or an emergency pharmacy and send the address details directly to the car's BMW navigation system³.

TIME-TO-LEAVE NOTIFICATION

BMW Connected^{1,3} will inform you of the calculated departure² time via a compatible smartphone or smart watch to ensure you arrive at your next destination on time. The system calculates the suggested departure time based on real-time traffic data.

APPLE CAR PLAY® PREPARATION

Preparation⁴ for Apple CarPlay® supports the convenient and wireless use of selected iPhone® functions in the vehicle. This allows smartphone content and functions such as music, iMessages/text messages, telephony, Siri, navigation and selected third-party apps to be displayed and operated via the vehicle's user interface and via Voice control.

IN THE NEW BMW 2 SERIES ACTIVE TOURER AND GRAN TOURER.

¹ Requires BMW ConnectedDrive Services.

² iPhone and Apple Watch are not part of BMW Connected.

³ Available as optional equipment.

⁴ Some ConnectedDrive Services may differ between countries. Please consult your local BMW partner for more information.

⁴ Apple CarPlay® compatibility and supported functions depend on the model year and the software installed on the iPhone®. When the Apple CarPlay® preparation is in use, selected vehicle data is transferred to the phone. The mobile phone manufacturer is responsible for any further processing of the data.

COMFORT AND FUNCTIONALITY.

Innovation and Technology 22 | 23

The **Comfort access system**³ allows passengers to enter the car via the front doors and to open the tailgate without having to actively use the key. The key must simply be nearby, in the driver's trouser pocket for example. To unlock the doors, it is only necessary to touch the handles or the tailgate button.

Thanks to the **versatile adjustment options for the rear seats**, the rear and luggage compartment can be used even more flexibly. The backrests can be folded down in a 40:20:40 ratio, or they can be positioned at either of six angles. The seats can be moved individually by 130 millimetres^{3,6,7} in a 60:40 ratio.

The **third row of seats**^{3,5}, with two individually foldable and forward-facing seats, offer room for two additional passengers. To ensure good access, the second row of seats can be folded forwards with the Easy-Entry function.

The **Storage compartment package** offers additional storage options in the interior and luggage compartment. Among other things, it includes a centre armrest for the rear seat with two cupholders, and nets on the front-seat backrests. 12V power sockets in the rear centre console and in the luggage compartment provide more options for connecting various electronic devices.

The **Electronic parking brake** is conveniently activated via a button. Thanks to this space-saving button, the centre console has more room available for other things.

The **Sun protection glazing for the rear window**³ and tinted rear side windows prevent the interior from heating up when exposed to direct sunlight. The darker glazing behind the B-pillars absorbs more sunlight. The tinted glazing does not hinder outward visibility, but it does protect the rear seats against prying eyes.

The **Luggage-compartment separating net**³ can be attached behind the rear seats to prevent objects falling forwards into the passenger area (during hard braking, for example). When the rear seats are folded down, it can also be attached behind the front seats.

The **electric seat adjustment**³ makes it particularly convenient and easy to adjust the driver and front passenger seats. The **memory function** enables drivers to save and retrieve their desired settings for the driver's seat and exterior mirrors at the push of a button.

⁵ Only available for BMW 2 Series Gran Tourer.

⁶ Standard for BMW 2 Series Gran Tourer.

⁷ Not available for 225xe iPerformance.

BASE.

Discover more with the new BMW catalogue app. Now available for your smartphone and tablet.

■ The interior trim finishers in Oxide Silver dark matt with accent in Black high-gloss add to the modern aesthetic appeal of the cockpit, which is clearly directed towards the driver.

■ The standard seats in Cloth 'Grid' Anthracite combine a modern look with high seating comfort on every trip.

- Selected base model equipment features:**
- 16" light alloy wheels V-spoke style 471^{1,2}
 - Halogen headlights
 - Sport leather steering wheel³
 - Air conditioning⁴
 - Radio media with 6.5" LCD colour display and USB port
 - Driving Experience Control incl. ECO PRO
 - Seat adjustment for rear seats^{5,6}
 - Seat backrest with 40:20:40 division
 - Storage compartment package

■ 16" light alloy wheels V-spoke style 471^{1,2} in Reflex Silver, wheel size 7J x 16, with 205/60 R16 tyres.

¹ Not available for 225i xDrive and 225xe iPerformance Active Tourer.
² Not available for 220i, 218d, 218d xDrive, 220d and 220d xDrive Gran Tourer.
³ Leather steering wheel standard for 216i, 218i, 216d, 218d and 218d xDrive.

⁴ Automatic air conditioning standard for 225xe iPerformance.
⁵ Standard for BMW 2 Series Gran Tourer.
⁶ Not available for 225xe iPerformance.

LUXURY LINE.

■ Standard equipment □ Optional equipment

■ The interior is dominated by modern aesthetics, which at the same time expresses the sophisticated character of the Luxury Line: The standard seats are covered with leather Dakota Mocha with perforations and raise comfort to a new level. They harmonise perfectly with the interior trim finishers in fine-wood trim 'Fineline' Stream and accent in Pearl Chrome for an unmistakably high-quality ambience.

■ Sporty and elegant at the same time: The sport leather steering wheel with multifunction buttons integrates control elements into the horizontal steering wheel spokes for ideal accessibility.

■ 17" light alloy wheels Multi-spoke style 547, wheel size 7.5J x 17 with 205/55 R17 tyres.

- Luxury Line exterior equipment:**
- BMW kidney grille with twelve exclusively designed vertical slats with front sides in Chrome high-gloss
 - Front bumper with specific design elements in Chrome high-gloss
 - 17" light alloy wheels Multi-spoke style 547, other wheels available
 - "Luxury Line" lettering on the side
 - Side window surrounds and window recess finisher in Aluminium anodised, mirror base and mirror foot in Black matt
 - Rear bumper with specific design elements in Chrome high-gloss

- Luxury Line interior equipment:**
- Door sill finishers in aluminium, front, with "BMW" designation
 - Seats in Leather 'Dakota' Black with exclusive perforations; other upholsteries available
 - Sport leather steering wheel incl. multifunction buttons
 - Car key with Chrome detailing
 - Interior trim designed in fine-wood trim 'Fineline' Stream with accent in Pearl Chrome; other trims available
 - Exclusive LED optical fibre in the door trim
 - Dashboard and centre console with contrast stitching (to match upholstery colour)

SPORT LINE.

Discover more with the new BMW catalogue app. Now available for your smartphone and tablet.

■ Standard equipment □ Optional equipment

□ The sport leather steering wheel with multifunction buttons sets a sign in the interior that is just as sporty as the interior trim finishers in Aluminium, finely brushed lengthwise with accent in Pearl Chrome.

■ Pure athletics on all seats: The sport seats in Cloth/Sensatec combination in Anthracite with orange accent provide a stable hold even in dynamic curves.

Sport Line exterior equipment:

- BMW kidney grille with ten exclusively designed vertical slats with front sides in Black high-gloss
- Front bumper with specific design elements in Black high-gloss
- 17" light alloy wheels Star-spoke style 549, other wheels available
- "Sport Line" lettering on the side
- Mirror caps in body colour, alternatively in Black
- Rear bumper with specific design elements in Black high-gloss

Sport Line interior equipment:

- Door sill finishers in aluminium, front, with "BMW" lettering
- Sport seats for driver and front passenger in Cloth 'Race' Anthracite with Red accent, alternatively with Grey accent, other upholsteries available
- Sport leather steering wheel incl. multifunction buttons
- Car key with Chrome detailing
- Interior trim finishers in Black high-gloss with accent in Pearl Chrome, other trims available
- Exclusive LED optical fibre in door trim

■ 17" light alloy wheels Double-spoke style 549, with runflat tyres, wheel size 7.5J x 17 with 205/55 R17 tyres.

M SPORT PACKAGE.

Discover more with the new BMW catalogue app. Now available for your smartphone and tablet.

powered by 

■ Standard equipment □ Optional equipment

■ The M leather steering wheel with multifunction buttons and interior trim finishers in Aluminium Hexagon with accent in Pearl Chrome combine sporty functionality with dynamic ambience.

□ Black Dakota leather sport seats with perforation and blue accents create a pure race track atmosphere in the interior.

M Sport package exterior equipment:

- M Aerodynamics package with front apron, side skirts and rear apron with diffuser insert in Dark Shadow metallic
- BMW kidney grille with vertical slats, with front sides in Black high-gloss
- LED fog lights¹
- 17" M light alloy wheels Double-spoke style 483 M, □ alternatively 18" M light alloy wheels Double-spoke style 486 M
- M Sport suspension¹, lowered, alternatively Standard running gear
- BMW Individual high-gloss Shadow Line, alternatively Chrome Line Exterior
- M designation on the sides
- Exclusive paintwork in Estoril Blue metallic, other paintworks available

M Sport package interior equipment:

- M door sill finishers front and M driver footrest
- Sports seats for driver and front passenger in Cloth 'Micro Hexagon'/Alcantara Anthracite¹; other upholsteries available
- M leather steering wheel with multifunction buttons
- BMW Individual headliner anthracite
- Dashboard and centre console with contrast stitching
- Interior trim finishers in Aluminium Hexagon with accent in Pearl Chrome; other trims available
- Shortened gear lever with M designation²
- Exclusive LED optical fibre in the door trim
- Car key with exclusive M designation

■ 17" M light alloy wheels Double-spoke style 483 M, 7.5J x 17, 205/55 R17 tyres.

□ 18" M light alloy wheels Double-spoke style 486 M, with runflat tyres, wheel size 8J x 18 with 225/45 R18 tyres.

¹ Not available for 225xe iPerformance.
² Only in conjunction with manual 6-speed transmission.

BMW iPERFORMANCE.

The new BMW 225xe Active Tourer plug-in hybrid.

As a plug-in hybrid, the BMW 225xe iPerformance Active Tourer combines a 100 kW (136 hp) BMW TwinPower Turbo 3-cylinder petrol engine with a 65 kW (88 hp) electric motor, yielding a system output of 165 kW (224 hp). The standard electric xDrive automatically provides excellent traction and dependable directional stability. Intelligent energy management coordinates the interaction of all BMW drive components. Depending on the selected drive mode and the battery's charging status, the electric motor can power the vehicle by itself or support the internal combustion engine. During coasting and braking, the motor even transforms kinetic energy into electric energy, which is stored in the lithium-ion high-voltage battery for use by the electric drive system. Running purely on electricity, the vehicle has a range of up to 41 km and a maximum speed of 125 km/h. Its combined fuel consumption is 2.5–2.3 l/100 km with CO₂ emissions of 57–52 g/km. The vehicle can be recharged at home using any domestic power socket or even more conveniently with a BMW i Wallbox. When on the move, the BMW can be recharged at public charging stations.

iPERFORMANCE

The port for external charging of the high-voltage battery is located behind a flap on the vehicle's front side panel on the left. The charging port is protected from the elements by a special seal. The LED light ring around the port indicates the vehicle's current charge status.

BMW eDrive technology combines the best of both worlds in a BMW iPerformance model: purely electric, locally emission-free driving (e.g. in urban areas), along with a dynamic driving performance and a great possible range. Intelligent energy management controls interactions between the electric motor and the combustion engine, deploying both with impressive efficiency.

Quoted performance, fuel consumption and CO₂ emissions figures refer to vehicles with standard transmission. Figures in [] refer to vehicles with Steptronic transmission.

Please see technical data or consult your local BMW partner for further information on fuel consumption and CO₂ emissions.

EQUIPMENT HIGHLIGHTS.

Discover more with the new BMW catalogue app. Now available for your smartphone and tablet.

■ Standard equipment □ Optional equipment

□ When open, the Panorama glass roof provides a great deal of fresh air. Closed, it creates a bright, light-flooded atmosphere in the interior. It opens and closes completely automatically at the push of a button, or via the remote control, and is equipped with slide and lift functions, a roller sunblind and wind deflector.

□ The Adaptive LED headlights include low-beam and high-beam headlights and turn indicators with full LED technology. The equipment also features BMW Selective Beam, cornering lights, daytime running lights and Adaptive headlights with variable light control for excellent illumination of the road ahead and better visibility in the dark.

□ LED fog lights⁹ increase short-range visibility in fog or precipitation, improving safety. The colour of the light they emit is remarkably similar to daylight. They also consume little energy and have a very long lifespan. The fog lights give the front of the car a high-tech, modern appearance.

□ The Roof rails in Aluminium satinated provide the base for a multifunctional BMW roof rack unit.

□ The Chrome Line Exterior features attractive accents with elements in highly polished aluminium and contrasts in black matt.

□ The Comfort access system allows passengers to enter the car via the front doors and to open the tailgate without having to actively use the key. The key must simply be nearby, in the driver's trouser pocket for example. To unlock the doors, it is only necessary to touch the handles or the tailgate button.

□ The third row of seats¹, with two individually foldable and forward-facing seats, offer room for two additional passengers.

■ The rear seat bench has three full seats. The backrests can be folded in a 40:20:40 ratio.

□ The 8-speed Steptronic Sport transmission² offers incredibly sporty gear changes. Whether automatic or manual using gearshift paddles or gear lever.

□ Thanks to its tightly spaced gear ratios and fast engine speed transitions, the 8-speed Steptronic transmission^{3,4} ensures greater driving comfort, smoother gearshifts and low fuel consumption.

□ The 7-speed Steptronic transmission^{5,6} with double clutch technology offers particularly smooth gearshifts and outstanding driving comfort, all with low fuel consumption.

■ The Storage compartment package offers a multitude of additional storage options in the interior and luggage compartment.

□ The Luggage-compartment separating net behind the second row of seats prevents objects from falling forwards into the passenger area.

□ Remote backrest unlocking for the rear seats⁷ allows the rear seat backrests to be unlocked and folded down conveniently via a button in the luggage compartment.

□ Options for using the luggage compartment are particularly flexible thanks to the numerous ways in which the rear seats can be adjusted⁷ and the dividable rear seat backrest.

¹ Only available for BMW 2 Series Gran Tourer.
² Only available 218d, 218d xDrive, 220d, 220d xDrive Gran Tourer and Active Tourer and 225i xDrive.

³ Not available for 216i, 218i, 220i and 216d.
⁴ 6-speed Steptronic transmission for 225xe iPerformance.

⁵ Only available for 216d and 218i Gran Tourer and Active Tourer.
⁶ Standard for 220i Gran Tourer and Active Tourer.

⁷ Standard for BMW 2 Series Gran Tourer.
⁸ Not available for 225xe iPerformance.

EQUIPMENT HIGHLIGHTS.

Discover more with the new BMW catalogue app. Now available for your smartphone and tablet.

■ Standard equipment □ Optional equipment

□ The full-colour BMW Head-Up Display¹ projects all relevant driving information onto a panel in the driver's field of vision, which means they can remain focused on the road. Current speed, directions from the navigation system, Speed Limit Info incl. no-overtaking indicator and telephone and entertainment lists, among other things are displayed.

□ The Automatic air conditioning with two-zone control² and automatic temperature control features separate controls for the driver and front passenger. It also includes Automatic Air Recirculation (AAR), a Micro-activated carbon particulate filter, a fogging and solar sensor, as well as rear air vents.

□ The Harman Kardon 7.1 Surround Sound system, with twelve speakers optimally designed to suit the interior's sound characteristics, guarantees an exceptional music experience. Tweeters and subwoofers deliver a brilliant, powerful range of sound. Elegant aluminium loudspeaker fronts feature "Harman/Kardon" lettering for a high-class look.

□ Telephony with wireless charging⁴ includes a wireless charging dock. A roof aerial connection improves mobile reception. Two mobile telephones and an audio player can be connected simultaneously via Bluetooth. Also included are: Bluetooth Office and the technical capacity for a WiFi hotspot.

□ Preparation⁵ for Apple CarPlay[®] supports the convenient and wireless use of selected iPhone[®] functions in the vehicle. This allows smartphone content and functions such as music, iMessages/text messages, telephony, Siri, navigation and selected third-party apps to be displayed and operated via the vehicle's user interface and via Voice control.

□ Navigation Plus³ features a BMW Head-Up Display¹, an iDrive Touch Controller, a built-in 8.8" touch display and an instrument cluster with high-resolution 5.7" TFT display. The system is operated intuitively using either the iDrive Touch Controller, the direct menu control buttons and six or eight functional bookmarks, voice control or the touchscreen with interactive tiles.

□ The Rear view camera enables improved orientation when reversing at speeds below 15 km/h, for example when parking. It shows the area behind the car on the Control Display. Interactive track lines for measuring distance and turning circles assist you when manoeuvring. Obstacles are marked in colour.

□ The equipment includes a built-in WiFi hotspot⁶ using the LTE standard, which allows for a paid Internet connection. The vehicle is connected via the built-in SIM card with a fee-based hotspot plan from a service provider.

□ The Driving Assistant Plus^{7,8} equipment provides a clear improvement in safety and comfort. It includes the Approach control and Person warning with light city braking function, Lane Departure Warning, High-beam assistant, Speed Limit Info, Camera-based cruise control with Stop&Go function as well as Traffic jam assistant.

□ The Parking assistant⁹ makes parallel parking easier. The system works by measuring potential spaces while driving past them at a low speed. When a suitable space has been found, the Parking Assistant takes over steering, while you are responsible for selecting the correct gear, as well as pressing the accelerator and brake.

¹ The information in the BMW Head-Up Display is not fully visible when viewed through polarised sunglasses. The exact content shown will depend on the equipment options chosen. Further optional equipment is required for content to be displayed.
² Standard for 225xe iPerformance.
³ As part of BMW ConnectedDrive, in selected European countries, the system automatically updates maps for three years up to four times per year without incurring licensing fees.

⁴ Supports inductive charging for Qi-compatible mobile phones. Special charging cases are available from Original BMW Accessories for selected smartphones that do not support the Qi standard for inductive charging. The WiFi hotspot fulfils all in-vehicle requirements for use of the internet with the maximum LTE standard. Usage is subject to cost.

⁵ Apple CarPlay[®] compatibility and supported functions depend on the model year and the software installed on the iPhone[®]. When the Apple CarPlay[®] preparation is in use, selected vehicle data is transferred to the phone. The mobile phone manufacturer is responsible for any further processing of the data.

⁶ The WiFi hotspot enables in-vehicle use of the internet with the maximum LTE standard. Use is subject to cost.
⁷ Function may be limited in darkness, fog or bright glare.
⁸ Only available in conjunction with additional equipment.
⁹ Only available in conjunction with Park Distance Control (PDC).

ORIGINAL BMW ACCESSORIES.

■ Standard equipment □ Optional equipment ○ Accessories

○ This contemporary **roof box in Black** with titanium silver side trims has a 420-litre capacity and fits all BMW roof rack systems. It can be opened from both sides and features triple central locking on each side which makes it easy to load and provides anti-theft locking.

○ 19" BMW M Performance light alloy wheels Double-spoke style 766 M in Bicolor black matt, bright turned. TPMS summer complete wheel set with run-flat tyres.

○ **Seat with patented air pads** for children aged approx. 12 months to 4 years (approx. 9–18 kg).
○ Size-adjustable **seat for children aged approx. 3 to 12 years** (approx. 15–36 kg). With patented air pads for increased protection against impact to the head and ISOFIX connectors.

○ The universal holder is adjustable in terms of size and it is snapped into position into the basic carrier of the **Travel & Comfort System** that is available separately. It provides a secure hold for a wide range of Apple and Samsung tablets from 7" to 11" with Travel & Comfort tablet safety case. It can be rotated through 360°, tilted and fixed in the desired position.

○ The durable, anti-slip, water-resistant **fitted mat** with raised borders on all sides protects the luggage compartment from dirt and moisture.

○ The perfectly fitted, **all-weather floor mats** with a raised border and elegant design protect the front footwell against moisture and dirt.

○ The foldable **Compact rear bike rack** is light but sturdy and can carry up to 60 kg. It can be quickly and securely mounted on the tow ball and transport up to two bicycles or e-bikes. When folded up, it can be stored in the luggage compartment tray, safe from spray and protected in the event of a collision.

Discover the wide range of innovative solutions available for the exterior and interior, communication & information, and for transportation & the luggage compartment. Your BMW Partner is on hand to advise you on the whole range of Original BMW

Accessories and can also provide you with a special accessories catalogue. For further information, please visit www.bmw.com/accessories

¹ The EC unladen weight refers to a vehicle with standard equipment and does not include any optional extras. The unladen weight includes a 90% full tank and a driver weight of 75 kg. Optional equipment may affect the weight of the vehicle, the payload and the top speed if the selected equipment has an impact on the vehicle's aerodynamics.

² The actual total weight of the trailer must not exceed the maximum permitted trailer load, taking into account the maximum tow bar download.

³ Range depends on various factors, in particular: individual driving style, route characteristics, outside temperature, heating/air conditioning, pre-conditioning.

⁴ Performance data of petrol engines apply to vehicles using RON 98 fuel. Fuel consumption data apply to vehicles using reference fuels in accordance with EU Regulation 2007/715. Unleaded RON 91 and higher with a maximum ethanol content of 10% (E10) may also be used. BMW recommends RON 95 super unleaded petrol.

⁵ The fuel consumption and CO₂ emissions figures shown were determined in accordance with the measurement process as defined by European Regulation (EC) 715/2007 in the version applicable at the time of type approval. Data refer to a vehicle with base-level equipment in Germany, and the ranges account for differences according to the selected wheel and tyre size and the optional equipment and may change during the configuration process. The figures for vehicles marked * have already been determined on the basis of the new WLTP legislation and have been converted back into NEDC figures for comparability. For these vehicles, values other than those specified here may apply for the assessment of taxes and other vehicle-related charges that are (also) based on CO₂ emissions.

⁶ Models/engines for which these values apply can be ordered until 12/22/2017. Please ask your BMW Partner for more detailed information about the availability.

Figures in [] are for vehicles with Steptronic transmission.

BMW 220i* ACTIVE TOURER WITH SPORT LINE:

BMW TwinPower Turbo 4-cylinder petrol engine, 141 kW (192 hp), 18" light alloy wheels in Star-spoke style 512, exterior colour in Sunset orange metallic, seats in Cloth/Sensatec combination Anthracite with orange accent, interior trim finishers in Aluminium, finely brushed lengthwise with highlight trim finishers in Pearl Chrome.

BMW 220d xDRIVE GRAN TOURER WITH M SPORT PACKAGE:

BMW TwinPower Turbo 4-cylinder diesel engine, 140 kW (190 hp), 18" M light alloy wheels in Double-spoke style 486 M, exterior colour Estoril Blue metallic, seats in leather Dakota Black with highlight in Blue, interior trim finishers in Aluminium Hexagon with highlight trim finishers in Pearl Chrome.

BMW 225xe iPERFORMANCE ACTIVE TOURER WITH SPORT LINE:

BMW TwinPower Turbo 3-cylinder petrol engine and electric motor with a system output of 165 kW (224 hp), 17" M light alloy wheels in Double-spoke style 549, exterior colour in Glacier Silver metallic, seats in leather Dakota Oyster with highlight in grey, interior trim finishers in Aluminium, finely brushed lengthwise with highlight trim finishers in Pearl Chrome.

The models illustrated in this brochure show the equipment and configuration options (standard and optional) for vehicles produced by BMW AG for the German market. Alterations in standard and optional equipment and the configurations available for the different models, as described in this brochure, may occur after 09/01/2018, the date when this brochure went to press, or according to the specific requirements of other markets. Your local BMW Partner is available to provide further details. Subject to change in design and equipment.

*Models/engines for which these values apply can be ordered until 12/22/2017. Please ask your BMW Partner for more detailed information about the availability.
